Rayville, Louisiana 71269

Attention: Mr. David E. Stansbury, Owner/Operator

Subject: Draft Louisiana Sewage Sludge and Biosolids Use or Disposal permit for a Publicly Owned Treatment Works (POTW) to prepare sewage sludge for disposal in a permitted Municipal Solid Waste Landfill (MSWL).

Dear Mr. Stansbury:

The Department of Environmental Quality proposes to issue a Louisiana Sewage Sludge and Biosolids Use or Disposal permit with the limitations, monitoring requirements, and special conditions listed in the attached DRAFT PERMIT. Please note that this is a DRAFT PERMIT only and as such does not grant any authorization to commence to prepare sewage sludge for disposal in a permitted Municipal Solid Waste Landfill (MSWL). Authorization to operate in accordance with this permitting action will only be granted after all requirements described herein are satisfied and by the subsequent issuance of a FINAL PERMIT.

This Office will publish a public notice one time in the local newspaper of general circulation, and in the Department of Environmental Quality Public Notice Mailing List. A copy of the public notice containing the specific requirements for commenting to this draft permit action will be sent under separate cover at the time the public notice is arranged. The applicant shall receive and is responsible for paying the invoice(s) from the newspaper(s).

The Sewage Sludge Use or Disposal regulations are located in Chapter 73 of LAC 33:IX. A copy of Chapter 73 of LAC 33:IX may be accessed directly from the Internet at the Department's Biosolids Internet Site → <http://www.deq.louisiana.gov/portal/tabid/2296/Default.aspx> or can be obtained from the DEQ Office of Environmental Assessment, Post Office Box 4314, Baton Rouge, Louisiana 70821-4314, (225) 219-3236.

Assistant Secretary

FACT SHEET

November 17, 2008

Applicant: Mr. David E. Stansbury
Stansbury Septic Service
535 Pony Greer Road
Rayville, Louisiana 71269

AI Number: AI 84038 **Permit Number:** LASS084028 **TEMPO ID#:** PER20080001

Application Type: Sewage Sludge and Biosolids Use or Disposal Permit Application
Richland Parish

Permit Action:

Issuance and Public Notice of a Draft Sewage Sludge & Biosolids Use or Disposal Permit

Sewage Sludge Preparation Process:

The Sewage Sludge Preparation will be conducted at 245 Bee Bayou Road, Rayville, Louisiana 71269.

Stansbury Septic Service is a sewage sludge (domestic septage) pumping/hauling service company. The pumped material is proposed to be placed in a 3-cell oxidation pond system for up to a one (1) year period for biological treatment

Sewage Sludge and Biosolids Use or Disposal Option:

On an annual basis, the sewage sludge (domestic septage) will be "completely" removed from the 3-cell pond system and disposed in a Municipal Solid Waste Landfill (MSWL):

CW1-White Oaks Landfill
P.O. Box 13355
Monroe, Louisiana 71203
Ouachita Parish

Pertinent Information:

August 08, 2007: An inspection was conducted by personnel of the NERO to determine if the facility possessed or the owner/operator had applied for the proper permits.

August 09, 2007: A "Referral" was made from the Surveillance Division to the Enforcement Division indicating that the facility did not possess the proper LDEQ permits.

August 29, 2007: A meeting was conducted at the NERO to further discuss the Stansbury Septic System's facility and the need for proper permits from LDEQ. Attending the meeting were Senator Robert Barham, Senator Clo Fontenot, and their staff, LDHH personnel from Baton Rouge and Monroe, LDEQ personnel from Baton Rouge and Monroe, and Mr. David E. Stansbury.
